Dear Maureen

As discussed at the ADRA Board Meeting on 1 April 1997 I have searched the membership database for members outside the Sydney metropolitan area for the Member Services Sub-Committee mailout.

I excluded all members outside Australia and all unfinancial members. I have had to do four actual printouts to ensure I got all the relevant members from individual and organisational membership databases (there are no reciprocal members outside metropolitan Sydney and in Australia) but have printed only three as there was only one Non-Sydney NSW Organisational Member. That organisational member is the Library at Uni. of Wollongong and I have not printed a label for them as I think the Library is simply a member to get "Mediation News", so will leave it to you to handwrite one if needed.

Following printouts and sheets of labels are enclosed:

- Non-Sydney NSW Financial Members (Individual Members in NSW whose home phone number starts with something other than '02') = 23
[NOTE: John Cooper lives part of the year in Queensland and has a Qld. contact phone no. hence he is included despite having a Sydney contact address.]
- Non-NSW Financial Members (Individual members outside NSW) = 13
- Non-NSW Financial Organisational Members (Organisational members outside NSW) = 11
[NOTE: all have only one employee registered for membership.]

Hope this is all ok. Let me know if you need more sets of labels.
