

**ADRA Board Meeting**  
President's Report  
**Wednesday 23 February 2011**

1. Conference

Janice and I have been liaising with the Grace Hotel with respect to the logistics for the Conference. We have also been liaising with LEADR with respect to registrations, recordings and conference papers. I suggest that we discuss this further during the meeting.

2. International Mediation

Ian Bailey SC's though provoking seminar on international mediation provides ADRA with an opportunity to consider whether ADRA is an appropriate body to lobby government with respect to the incorporation of the UNCITRAL Conciliation Rules into domestic legislation. If there are interested people, a discussion group could be formed and could report to the Practitioner Event in May.

3. National Mediation Conference 2012

The new Board has been confirmed and the business of securing a venue is underway. Janice McLeay is the Chair of the National Mediation Conference Ltd and the Convenor of the Conference itself.

4. Planning Day

The overview of the planning day has been circulated and can be usefully discussed with the Board, particularly those Board members who were unable to join us at Linda's. A special thank you to Linda for her generosity in hosting the Planning Day and thanks to those Board Members who were able to attend.
